

Our Sustainability Mission

At Liverpool Philharmonic, we pride ourselves on working with suppliers who share our sustainable and ethical vision, and who prioritise their environmental impact. We want to keep our supply chain as local as possible and love to showcase our BCORP and climate positive partners.

We are working towards eradicating carbon-inefficient glass so we offer delicious wines and spirits in cans, bag-in-box and revolutionary Frugalpac paper bottles. We serve an exclusively vegetarian and plant-based offer in our kiosk, and encourage our visiting tours to consider green riders in order to minimise waste.
